ABOUT ME

Hi, I'm Andres, an experienced and innovative developer with a passion for solving everyday problems. With a strong background in the industry, I have developed highly refined analytical thinking and collaboration skills, making me an effective team player. I am always eager to expand my knowledge and stay up-to-date with the latest technologies. I am currently exploring new technologies and actively learning, which fuels my passion for growth and innovation.

WORK EXPERIENCE

ACCENTURE

JULY 2023 | PRESENT

- As a valued team member at Accenture, I am currently engaged in an exciting project to develop a cutting-edge banking application. My primary focus is ensuring the highest standards of security and ethics throughout the development process.
- In my role, I diligently comply with the client's requirements, consistently delivering exceptional results. Additionally, I actively contribute by proposing innovative ideas to enhance and expedite the application's development, striving for continuous improvement.
- Recognizing the importance of professional growth, I enthusiastically participate in ongoing internal training courses offered by Accenture. By continuously expanding my skill set and knowledge, I aim to enhance my career trajectory and contribute to the company's success.
- Overall, my dedication to excellence, strong adherence to security and ethics, and commitment to continuous learning make me a valuable asset to the Accenture team.

ALT / BANCO GALICIA

MAY 2022 | JULY 2023

- Enhancing self-service terminals by updating the software, prioritizing user control and security.
- Developing a React application that seamlessly integrates with both terminal hardware services and the Bank's BFFT.
- Implementing robust security measures to ensure a safe operational environment for clients and the Bank.
- Collaborating with cross-functional teams to deliver innovative solutions and optimize user experiences.

OCTOSOFT

AUGUST 2021 | MAY 2022

- Developed and structured feature-rich web client websites, ensuring adherence to company policies and high-quality code standards.
- Worked closely with project managers and creative teams to deliver original and effective solutions, providing expert advice to clients.
- Collaborated within a team to design, structure, and implement new websites from inception to completion, as well as updating existing websites.
- Actively participated in weekly progress meetings, aligning with team goals and discussing project advancements.

EDUCATION

FULLSTACK DEVELOPER

INTENSIVE LEARNING PROGRAM | +700 HOURS

- Extensive training in various technologies including JavaScript, ReactJS, Sequelize, Redux, HTML, CSS, GitHub, NodeJS, Express, and more.
 - Hands-on experience through the completion of individual and group projects, applying learned concepts to real-world scenarios.
 - Developed a solid understanding of web development principles, best practices, and industry-standard tools.
 - Demonstrated the ability to work effectively both independently and as part of a collaborative team.
-
